

# Spray Buffing Floors

## PURPOSE:

To maintain clean, safe, hygienic and attractive floors.

## REQUIRED SUPPLIES & EQUIPMENT:

- Floor machine (175-400 rpm) with pad drive assembly and red pad
- Wet mop handle and looped-end banded mop
- Mop bucket with wringer
- Set of "Wet Floor" signs
- Dust mop
- Dustpan and brush
- Approved cleaning detergent solution appropriate to the area
- Spray buff solution in dispensing container

## PROCEDURE #7:

- Prepare area – Set up "Wet Floor" signs. Move obstacles such as furniture.
- Dust mop floor – Follow Procedure #1. Use clean dust mop.
- Damp mop – Follow Procedure #2
- Machine buff floor – Place floor machine in position. Spray floor with solution and spread with machine. Use a side to side motion, be careful to avoid bumping walls and furniture. Allow a slight overlapping on each pass. Buff until haze is gone.
- Dust mop again – Pick up any dust resulting from buffing operation. Use a clean dust mop.
- When finished – Remove signs. Return furniture and other items to proper locations.
