PATRIOT™

Floor Sealer/Finish Ready-to-Use

- For low maintenance, high traffic floors
- Saves labour
- High gloss, durable finish
- Zinc free

PPRODUCT CERTIFIED FOR REDUCED ENVIRONMENTAL IMPACT. VIEW SPECIFIC ATTRIBUTES EVALUATED UL.COM/MA UL 2777

Patriot 21 Floor Sealer/Finish is an environmentally friendly, top quality finish designed for minimal maintenance of high traffic floors. It's unique combination of durability and buffability requires less labour than most finishes. It is designed to seal and protect most resilient and non-resilient flooring.

PATRIOT 21

FLOOR SEALER/FINISH

DIRECTIONS:

Initial Application: Strip floor using the appropriate professional floor stripper, following the instructions on the product label. Apply 3 or more medium coats of Patriot 21 finish using a clean finish mop. Apply additional coats until desired gloss is obtained. Allow 30-40 minutes drying time between coats. Temperature, humidity and ventilation may add to drying time. Allow finish to cure for 24 hours before burnishing. Patriot 21 is ready to use, do not dilute.

Regular Maintenance:

Dust mop or sweep floor. Clean floor with a mop or automatic scrubber using the recommended cleaner, following directions on label. To enhance appearance burnish as required. Ultra-high speed burnish using a natural fiber pad and 1200-2000 rpm equipment. To recoat, apply 1-2 uniform coats of finish using a clean mop. Allow finish to cure for 24 hours before burnishing. For best results apply when ambient temperature is between 15°C-25°C.

Removal: Remove using recommended floor stripper following the directions on the label.

Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Disposal should be in accordance with applicable regional, national and local laws and regulations.

ENVIRO FEATURES:

Zinc free cross-linking technology. Non-flammable. Low odour. Contains no alkyl phenol ethoxylates, formaldehyde, butyl, urethane, aromatic solvents, perflouroctane sulfonates or phthalates. Contains low VOC's. Product certified for reduced environmental impact UL 2777—Certification criteria for Hard Floor Products. 100% recyclable packaging.
