

VG 1500

COMMERCIAL DEHUMIDIFIER

About Us

For almost two decades, B-Air® has developed and manufactured air movers, dryers, blowers, dehumidifiers and ventilators for commercial and retail use. B-Air® prides itself on creating the highest quality products to supply the needs of the ever changing and evolving industries it serves.

Description

Get the compact design and rugged performance you want, need and value when you choose the Vantage VG-1500 Commercial Dehumidifier from B-Air®, available in blue and other colors. This dehumidifier removes up to 150 pints of moisture daily at 76 PPD AHAM. It's built to withstand the rigors of harsh commercial and industrial environments, taking a beating while continuing to perform day after day on tough water damage restoration projects.

Its compact size makes it easily maneuverable into tight spots where it's often difficult to get dehumidifiers of the VG-1500's capability. For jobs large and small, the VG-1500 gets the work done — whether for professional-grade work or for personal use. You need products that are quality, durable and fully capable of delivering value over the long-term, which is exactly what you get when you select the VG-1500 and other products from B-Air®, an industry-leading brand.
