

WINTERBUSTER

Floor Cleaner & Salt Neutralizer

Winter Buster Floor Cleaner/Neutralizer is a liquid floor cleaner that dissolves the white film deposits left at entrance ways due to tracking of ice melter. It helps keep high polished finishes looking good because it prevents the attack from salt and ice melter.

Winter Buster also reduces slip hazards associated with ice-melter water retention and dried powder on the floor. Suitable for use on vinyl or ceramic tiles, terrazzo, or synthetic matting. Also can be used as a general purpose cleaner.

DESCRIPTION

A liquid floor cleaner that dissolves the white film deposits left at entrance ways due to the tracking in of ice melter. Helps to keep high-polished finishes looking good because it prevents attack from ice melters. Suitable for use on resilient, terrazzo, concrete floors, vinyl, ceramic tiles and synthetic matting.

DIRECTIONS FOR USE

Dust-mop or sweep to remove dirt and ice melter pellets. Dilute Winter Buster at 30-90 ml per 4 Litres (1-3 US oz. per US gallon) depending on soil conditions. Dip mop into solution and wring out thoroughly. Mop floor in usual fashion, re-soaking mop and wringing regularly. If solution in bucket becomes dirty, discard and make up fresh solution. Rinsing is not normally required after use. Repeat if required.

FOR AUTOMATIC SCRUBBERS: Dilute 30-60 ml per 4 Litres (1-2 US oz. per US gallon) of concentrate per gallon of water.

TOOLS AND EQUIPMENT

- Trigger sprayer
- Mop and bucket
- Wiping cloth
- Autoscrubber

USER TYPES

Commercial and industrial properties, schools/ colleges/universities, supermarkets/retail stores, cleaning contractors, hospitals and nursing homes.

IMPORTANT

Do not mix with anything except water!

PHYSICAL PROPERTIES

Appearance:	Clear-blue liquid
Odour:	Mild
pH:	11.0 ± 0.5
Flash point:	non-flammable
Stability:	Stable
Storage:	Place in original container in a cool dry place away from incompatible materials.

ECOLOGICAL/SAFETY INFORMATION

- Keep out of reach of children
- Do not re-use container
- Recycle where facilities exist
- Do not mix with anything except water
- Keep from freezing
- For industrial and institutional use only
- For food plant use: If used on food contact surfaces then contact surfaces are to be rinsed with potable water before re-use
- Avoid contamination of food
- DO NOT TAKE INTERNALLY
