

WANDS & SPECIALTY APPLICATIONS

Heavy duty **spray wands** include insulated lance grips for both protection from heat and comfortable two handed use.

Part# AVW40, 42" stainless steel dual lance wand
Part# AVWA3, 42" stainless steel dual lance wand with gun and coupler
Adjustable pressure at the wand or use for downstream soap applications.
Includes soap nozzle

Part# AVGH2, 48" spray wand with coupler and trigger gun

Convenient nozzle storage at your fingertips
Part# AVGH3, 48" spray wand, coupler, trigger gun, nozzle holder

Need to pressure wash up high? Reach it safely from the ground with Hydro Tek's **High Reach Wash Pole**. It offers additional control and rigidity not found with telescopic wands. Uses trigger gun from your wash skid, no need to turn off wash skid or change guns. Our maximum ratings are 4500psi and 250°F (while other brands are rated only to 195°F). The Hydro Tek high reach wash pole includes a comfort brace gun holder, full length jumper hose, three sections of 6' poles, spray head attachment, and also includes shoulder strap (Gun holder will hold Hydro Tek VG200 and Suttner ST1500 trigger guns.) Part# AVW20, High Reach Wash Pole

No need to turn off pressure washer to change wands! Hydro Tek washer gun (or Suttner ST1500) snaps easily into gun bracket.

Clean the undercarriage of trucks, boats, and farm equipment with the **Undercarriage Washer**. Attach this accessory to a hot or cold pressure washer (up to 210°F) to effortlessly remove grime from the underside of vehicles and equipment. If you need to clean concrete, simply reverse the casters and flip the deck over to be used as an efficient flat surface cleaner. Rust resistant, stainless steel construction, with an aluminum spray bar, to ensure a long life of use even in corrosive environments. 24" deck width, 7" clearance height needed, max 5000psi, 6gpm Part# ANTUN

For removing dirt and grime from a underneath a vehicle, reach for a Hydro Tek **undercarriage wand** with casters (#AVUN1). Simply attach the wand to your power washer gun, insert your quick connect nozzle and roll under vehicle. The undercarriage wand is also ideal for cleaning under boat trailers and motor homes. Part# AVUN1

Looking for an industrial **chemical sprayer / tank system**? The Hydro Tek low pressure chemical sprayer runs off a 12v battery or can be wired directly to a Hydro Tek wash skid battery and has lighted on/off switch. The rugged frame can be mounted to your existing flat trailer or truckbed, or factory installed on your new ProTowWash® trailer. Includes 50' braided chemical hose, spray wand and 40 gallon chemical tank. Part# AC440

To blast off paint, rust, scale, or graffiti try **wet sandblasting**. The Wet Sandblast nozzle draws sand or even baking soda into the water stream. The standard sandblast assembly features an industrial sand blast head, 50' crush proof PVC sand hose, and a sand probe that will draw directly out of a bag or pail (#ASB55 has 5.5 nozzle size, other sizes available). Baking soda can be used for more delicate jobs such as pool tile cleaning and other sensitive surfaces.
